

APA and MLA Paper Format Basic Guide 2021

As a student, formatting your essay properly and following a specific citation style is more difficult than writing an entire essay. You have to be very specific about every little thing from headings to the font of the document and in-text citation and references. It all seems like a huge mess to sort it out. There are many paper format styles but mostly academic writing is done following either MLA or APA formatting style.

Some students successfully write an essay but fail at formatting their essay properly which leads them to get lower grades. If you find it difficult to format your essays in MLA and APA format then you don't need to worry because it will help you understand the difference between [Essay Writing Service](#) and all the subtle differences between them in order to guide you how to write a paper. Practice makes a person perfect and yes with practice it will become easier for you to format your paper professionally.

I will share a basic guide with you regarding the APA and MLA paper format to help you make a start.

Basic Guide of APA and MLA Format

- **MLA Format Guidelines**

1. One inch margins on the bottom, top and sides
2. Add the name of the student, institute name, instructor name, and date of submission at the most left.
3. The document should be double spaced
4. Add the last name of the author and page number as the header
5. The first word of every paragraph should be indented

6. Use one type of font for example Times New Roman
7. The font size should be 12
8. Headings should be bold and centered
9. The in-text citation requires the information of the last name of the author only for [Write My Paper](#)(Lisa).
